

# FIRST2FOUR : RULES

## Addition ( Sum ) :

play in pairs/groups or as a class  
use dice with dots if possible ( numbers are also OK )

- take turns to roll 2 dice
- add up the number of dots on both dice ( or the sum of the numbers )
- find that number on your chart
- use a brick to cover that number ( only cover one number at a time )
- keep doing this until you've used all **Six Bricks**
- after using all **Six Bricks** you have to strategically **move** a brick each time you roll the dice - to cover the new total number ( *sum* )
- first to four in a row or square is the **winner**
- must shout out "**FOUR**"

5	1	2	11	3	7
12	10	6	11	8	0
7	3	9	2	8	9
10	6	12	4	4	5
8	4				
11	9				
2	2	3	0		
6	3	11	12	4	0

## Subtraction ( Difference ) :

play in pairs/groups or as a class  
use dice with dots if possible ( numbers are also OK )

- take turns to roll dice
- 1 person rolls 2 dice and 1 person rolls 1 dice
- work out the difference between the two sets of dice
- find that number on your chart
- use a brick to cover that number ( only cover one number at a time )
- keep doing this until you've used all **Six Bricks**
- after using all **Six Bricks** you have to strategically **move** a brick each time you roll the dice - to cover the new total number ( *sum* )
- first to four in a row or square is the **winner**
- must shout out "**FOUR**"
